School Name: Yan Oi Tong Chan Cheng Yuk Yee Kindergarten	
Period：Semester 2022/23	Class：Nursery-K3

Activity：The Chinese Culture Month

Activity Goal：

1. To have an understanding of traditional Chinese virtues, which includes "Chinese parental respect", "courtesy" & "kindness".
2. To experience different traditional Chinese culture & arts.
3. To promote the knowledge gained from the "Chinese Culture Month" to parents and relatives during the "Chinese Cultural Learning Achievements Exhibition".

Introduction & Records：

Teachers selected three idiom stories, including "Huang Xiang Warmed the Bed", "Kong Rong Shared the Pears" & "Charcoal in a Snowy Day". They were presented in interactive dramas for children to have an understanding of the Chinese virtues - "Chinese parental respect", "courtesy" & "kindness". Extended activities, such as "Relaxation moments for my Parents", "Courtesy Ambassador" & "Helpful Little Angel", helped to reinforce the knowledge.

Afterwards, teachers explored different traditional Chinese arts with the children. Then, children created their own works by means of a variety of skills such as dyeing, opera mask painting, Chinese painting, Chinese folk art, blue -and-white porcelain etc. Parents and children showed appreciation to the Chinese art works in the "Chinese Cultural Learning Achievements Exhibition". It is obvious that a sense of value to Chinese art and culture had been developing.

Finally, children got to know about the melody of Chinese styled music and appreciated the song "Porcelain Love". Different experiences were brought to children according to their immersion in music. Drums performance and silk scarves dance (Nursery class), Octagonal scarves dance (K1), oil-paper umbrellas dance and chopsticks dance (K2) , fans dance (K3) were put on stage. Audiences, which included parents and children, appreciated the beauty of bodies during the show.
