

School: Yan Oi Tong Chan Cheng Yuk Yee Kindergarten

School Year: 2023/24

Class: K3

Activity: 2024 Hong Kong Flower Show

Objective of the Activity:

1. Recognize and learn to appreciate different flowers, strengthen the awareness of plant protection, and cultivate children's environmental protection attitude.
2. Cultivate children's appreciation for plants and love for nature, and enjoy the green environment.

Activity Introduction and Record:

On the day, the children appreciate the different forms of flowers through visual and olfactory sense, and recognize the different structures of flowers. They also appreciate different types of flowers and each exhibition area to learn and appreciate different flowers, strengthening their awareness of plant protection. During the visit, the children can listen carefully to the teacher's introduction and instructions, and most of the children can show interest in plants, such as sharing the colour of flowers with their peers, asking the teacher the names of plants, and using cameras to record the flowers.
